3rd October 2014

Dear Annika,

I would like to express to you my personal satisfaction and add, I am sure, congratulations from all PSI affiliates for your appointment as Minister for Social Security and Head of the Ministry of Social Affairs in Sweden's new government.

It is a certainly not only a true recognition of your personal commitment to social issues, but also of the important role you have played as a trade union leader in Sweden.

PSI will certainly miss your involvement with our work, but we know that we have now a very good friend of public services workers and of trade unions within the Swedish Government.

I am sure that you will have many opportunities to continue testify your commitment to social justice, solidarity and workers' rights, and that PSI affiliates can now count on a new strong ally for their battles.

With my best wishes to you for a successful future in this prestigious new position,

Rosa Pavanelli
PSI General Secretary
